

**-- DUE BY FEB 9 -- VOTE TODAY -- DUE BY FEB 9**

# THE YEAR

## Voting Instructions

**YOUR VOTE:** As you review each project, consider how you feel about them on a scale of 1 to 5 for each of these three questions:

- 1) How difficult would this project have been to estimate?
- 2) How difficult would this project have been to construct?
- 3) How likely would it be that you made money on this job?

Fill in your scores on the opposite page for each of the projects that you care to evaluate. A score of 5 (high) rates this project very difficult while a score of 1 is low in its difficulty for each of the three categories. Fax this entry form back to CFA Headquarters (320.213.5556) or send an email to [jbaty@cfawalls.org](mailto:jbaty@cfawalls.org) with **PROJECT OF THE YEAR RATING** in the subject. Entries are due by **FEBRUARY 9th**. (You may also cast your vote at the CFA World of Concrete Booth #C4637 or vote online at [www.cfawalls.org](http://www.cfawalls.org))

All votes will be calculated and winners announced in the next issue of 'Concrete Facts'.

## YOUR VOTING FORM - 2010

Fill in blanks with values from 1 to 5

ENTRY #	TO ESTIMATE	TO BUILD	TO MAKE MONEY
