WHY YOU SHOULD HIRE A CFA-CERTIFIED FOUNDATION CONTRACTOR...

The next time you hire a foundation contractor, ask for CFA Cast-In-Place Certified personnel to do your job. Give your project a good start knowing that it will get done right. A CFA Certified Contractor knows his business from top to bottom, and has proof of their knowledge adhering to established standards of practice including safety, insurance, and professional alliances. In addition, a CFA Certified Contractor is re-certified on an annual basis and keeps up-to-date with continuing education. Sound like someone you’d like working for you? To locate a Certified Contractor in your area, visit www.cfawalls.org or call toll-free 1-866-232-9255.

Imagine yourself on the phone tomorrow looking for a qualified foundation contractor for your next project, and the contractor tells you “I am a CFA Certified Contractor”. Your response will be one of surprise and assurance.

Ten years from now your response will be “I only hire CFA Certified Contractors.”
